### **DETAILED ACTION**

This office action is in response to the application filed July 20, 2006. In the preliminary amendment filed July 20, 2006, claims 3, 5-11, and 14-17 have been amended to conform to U.S. practice.

Claims 1-19 are pending.

#### ***Priority***

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

#### ***Information Disclosure Statement***

2. The prior art documents submitted by Applicant in the Information Disclosure Statements filed on July 20, 2006, have been considered and made of record (note attached copy of forms PTO-1449).

#### ***Allowable Subject Matter***

3. Claims 1-19 are allowed. The following is an examiner's statement of reasons for allowance: the closest prior art of record does not teach or reasonably suggest, in combination an organometallic polymer material characterized as containing: (1) an organometallic polymer having an -M-O-M-bond (metal atom); (2) a metal alkoxide having a *single* hydrolyzable group and/or its hydrolysate; and (3) an organic polymer having a *urethane bond and a methacryloxy or acryloxy group*. Claim 1 is the sole independent claim, while claims 2-19 depend therefrom.

Art Unit: 2874

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Inventorship***

4. This application currently names joint inventors. In considering patentability of the claims under 35 U.S.C. 103(a), the examiner presumes that the subject matter of the various claims was commonly owned at the time any inventions covered therein were made absent any evidence to the contrary. Applicant is advised of the obligation under 37 CFR 1.56 to point out the inventor and invention dates of each claim that was not commonly owned at the time a later invention was made in order for the examiner to consider the applicability of 35 U.S.C. 103(c) and potential 35 U.S.C. 102(e), (f) or (g) prior art under 35 U.S.C. 103(a).

### ***Conclusion***

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure: PTO-892 form references A-C.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DANIEL PETKOVSEK whose telephone number is (571)272-4174. The examiner can normally be reached on M-F 8:30-5PM.
